This book made my day. Laugh is truly the best antidote for stress. If you're looking to be funnier or to just expand your joke library with minecraft humorous jokes then this book is for you. It is great book for thought and for cheating the mind! I can never remember a good joke, this kindle book is so handy on my phone when I need a one liner on the spot. A guaranteed laugh.

Loved it because it was all about minecraft! I play Minecraft as a casual game in my leisure and these jokes were so tongue-in-cheek I was laughing over every single line I read! The book is simply amazing and one that satisfies the much-needed humor for addicted Minecraft players. Awesome!

I love the book.. This Minecraft book is a very fun book as it is filled with numerous hilarious jokes . Many of the jokes made me smile, and some gave me a good laugh. If you just want something fun

and light, then this is a great book to have available on your kindle. I was enjoying the jokes in it, while going through its pages. Good thing to read and make you children laughing. Purchased it!

"Minecraft" does a great take on a wimpy Steve who has become comfortable around his home because it is so well protected and has decided to venture out, but is afraid of what he may face. His new pet friend is the perfect compliment to his story and makes sure to keep things interesting for the reader. An excellent quality book that is a true pages full of content with no marketing filler added. I highly recommend this book and author for any Minecraft fan because you know you get consistent quality work.

Reading this book I found the basic setup of the game, Minecraft and instructive explanation on the strategies of playing the game. This book is your guide to dominate the gaming world. You will learn all the secrete rules and tricks from this book. Minecraft is a one of a kind famous and revolutionary game. This book will aid us to fully understand the world Minecraft and how it works. I like the most about this book is the fact that it is very helpful and easy to follow.

This book reveals many interesting things about the game, while most players assume that desert biomes are boring, they have interesting features. While some desert seeds can have a small number of caves, others can be abundant in them. Whatâ™s interesting about desert seeds is that desert biomes are usually the most likely to contain multiple villages. Desert seeds are fun, exciting, and are great to explore.

I got this book for my children as they love minecraft, but I also got a lot of fun while reading it. A very successful writing. The jokes are really very funny and will make not only children laughing, that what I liked about it most of all. I am buying a lot of book of such content and can say that this one probably the most successful. Good thing to read and make you children laughing.
