Customer Reviews

I would have been in trouble in my UCC Article 2 class without this review book. It in no way substitutes for going to class and learning the material from the professor, but if you're like me and you were struggling to put everything together, this book will help tie up all of the loose ends.

I like E & E but this one was not as good as some of the others. Was not terrible either just felt it could have been a little better.

This book is great in helping to understand the concepts associated with the subject and great for exam preparation
