VIDEO POKER PROFITS FROM THE GROUND UP

SECOND EDITION

BY
ADAM GREGORY KOCH

Synopsis

It is here! The second edition is now in your hands! Revised and expanded with new strategy tables consisting of the more difficult to master but well paying versions of video poker such as âœAces & Eightsâ • and âœAll Americanâ •, in addition to the nearly dozen Jacks or Better and wild card strategies present in the first edition, all of which will work just as well for those of you who frequent online casinos in addition to offline casinos! Learn about video poker from an author who himself has made profit for years on video poker! These years of knowledge and insight gained through the transition from being a normal gambler who never really had a chance to ever win, to rarely ever having another losing session, are contained within these covers! The mechanics of the howâ™s and whyâ™s explained in as simple terms as possible that most anyone can understand. The authorâ™s success was inspired by watching others continuing to be successful at video poker every time he was at the casino, and decided if they are able to do it, why canâ™t he? After learning all he could and duplicating the success for himself, the author began asking, why canâ™t everyone else? So here we are. Donâ™t know how to play video poker? This book will teach you. Donâ™t think you can possibly ever win anything because your luck is so bad? This book will convince you otherwise since video poker is a skill game, you know. Do you simply want to learn how you can lose less often and smaller amounts? For that matter, would you like to know how video poker can have an edge over the house for the player? This is the book to learn that too! It is never too late to find out what you are missing, and to prepare yourself so that you, also, can have âœVideo Poker Profitsâ • of your very own! Features: -Strategies for 12 different types and variations of Video Poker.-Information contained in this book applies just as equally to online as well as offline casinos.-Lessons in how to deal with difficult to play hands.-Starts with basics for the beginning video poker player and advances through more complicated aspects of the how's and why's the game works the way it does, and how that benefits you!-Learn how you can turn a negative expectation game into a positive one!-Author's advice, knowledge, and wisdom pertaining to video poker and other aspects of gambling, based on years of successful experience.-Everything you need to win more often and minimize any losses you do have, is contained inside this book! It surely won't take very long to pay for itself!-And so much more I am sure you won't be disappointed by the time you get through it all!
