Access With Attitude: An Advocate's Guide To Freedom Of Information In Ohio

Synopsis

For those who find themselves in a battle for public records, *Access with Attitude: An Advocate's Guide to Freedom of Information in Ohio* is an indispensable weapon. First Amendment lawyer David Marburger and investigative journalist Karl Ildvoog have written a simply worded, practical guide on how to take full advantage of Ohio's so-called Sunshine Laws. Journalists, law firms, labor unions, private investigators, genealogists, realty companies, banks, insurers—anyone who regularly needs access to publicly held information—will find this comprehensive and contentious guide to be invaluable. Marburger, who drafted many of the provisions that Ohio adopted in its open records law, and coauthor Ildvoog have been fighting for broader access to public records their entire careers. They offer field-tested tips on how to avoid a no, and advise readers on legal strategies if their requests for information go unmet. Step by step, they show how to avoid delays and make the law work. Whether you're a citizen, a nonprofit organization, journalist, or attorney going after public records, *Access with Attitude* is an essential resource.

Customer Reviews

This should be required reading for all Ohio journalists, attorneys and community activists. I am an attorney of 35+ years and found this book to be insightful, well-organized and well-written. It was an awesome book!

This book is a guide for the public to get what already belongs to them...PUBLIC records! Everyone should have a copy!

An indispensable guide to navigating the weird, difficult shoals of Ohio's open records laws. As more exceptions get lathered onto what started as good laws, and as Supreme Court decisions narrow definitions even more, the book helps readers understand the workings of the laws and offers common-sense strategies for winning in court in a difficult environment.

A tremendous resource for fighting for public access. Dave Marburger is the expert.
