Tribal Television: Viewing Native People In Sitcoms

Synopsis

Native Americans have been a constant fixture on television, from the dawn of broadcasting, when the iconic Indian head test pattern was frequently used during station sign-ons and sign-offs, to the present. In this first comprehensive history of indigenous people in television sitcoms, Dustin Tahmahkera examines the way Native people have been represented in the genre. Analyzing dozens of television comedies from the United States and Canada, Tahmahkera questions assumptions that Native representations on TV are inherently stereotypical and escapist. From *The Andy Griffith Show* and *F-Troop* to *The Brady Bunch*, *King of the Hill*, and the Native-produced sitcom, *Mixed Blessings*, Tahmahkera argues that sitcoms not only represent Native people as objects of humor but also provide a forum for social and political commentary on indigenous-settler relations and competing visions of America. Considering indigenous people as actors, producers, and viewers of sitcoms as well as subjects of comedic portrayals, *Tribal Television* underscores the complexity of Indian representations, showing that sitcoms are critical contributors to the formation of contemporary indigenous identities and relationships between Native and non-Native people.

Customer Reviews

Great book. Takes me back to my childhood when times were simpler and people appreciated television before cable and all the other confusion of paying for more and more for less and less. Thank you Dustin for your heartfelt research.
