Family Secrets

Synopsis

They were the "miracle babies"--five identical girls born on a farm, who went on to become the biggest celebrities of their day. Now, for the first time, the three surviving Dionne quintuplets tell their story--from their bizarre, socially isolated childhood, to the physical and sexual abuse they suffered at the hands of their parents, to their inspiring triumph over their difficulties. Includes never-before-published photos. --This text refers to an out of print or unavailable edition of this title.

Customer Reviews

I read this book during the past year. I found it to be much more revealing than their 1960s account of their lives, written with James Brough. In "We Were Five", the four remaining Quintuplets used the real names of their siblings, but neglected to come forward with the charges of sexual abuse leveled at their father in this newer account. The church officials who could have helped them turned their backs on them, telling them to "submit", and deciding that as long as their father gave monetary support to the Church, he was being a good Catholic. At a time when there was little if any separation of Church and State where the French Canadian government was concerned, there were many other children who experienced the same indignities. It is good that the Dionnes have spoken out on their behalf. I'm glad that shortly after this account was published, that Yvonne, Annette, and Cecile were finally given \$2.8 million dollars in compensation by the Ontario Government. But if there is any real justice, Ontario should be paying them annuity. After all, they didn't ask to become the saviors of Ontario during the Depression, and they only ended up as such by accident of being born Quintuplets and subsequent government manipulation. The Ontario Government made \$500 million off of "Quintland" during the thirties. Caged and exploited for the first

years of their lives, and tended to by Dr. Allan Roy Dafoe, they were eventually reunited with their parents and siblings after lengthy and strenuous custody battles. But while Oliva Dionne may have won the physical custody of his daughters, the loyalties of the three surviving sisters ultimately lie firmly with the Doctor who treated them with more dignity than their parents.
