Customer Reviews

I appreciate Mr. Morales' attempt at a book in English - it is surely better than my Spanish or Dominican, however I would have had someone translate for me. This is SO poorly written, with terrible grammar and misspelled words every 4th or 5th word, it makes reading it almost impossible. The system itself is NOT NEW - I have read it in multiple places, including the logical losing progression, and it will lose far more than it will win. AVOID.
