Synopsis

Her father was an American serviceman, her mother a young Korean woman confused by the ravages of war. Imagine. Imagine that everyone around you treats you differently from others. Imagine that they call you "tougee" and even though you don't understand what the word means, you know how it makes you feel. Imagine that you are abandoned by your family, left on a train...alone. Imagine that you have to make your way in the world and that nobody will help you. Imagine that you have to survive harsh winters, dig up, catch or steal food and make clothes out of straw for warmth. Now imagine that at the start of your journey you are only four years old. In her new book *She is Mine*, author Stephanie Fast takes her readers on an emotional roller coaster as she describes in horrifying detail the trying ordeal she endured as a young girl struggling to survive in South Korea following the Korean War. The daughter of an American soldier and an unwed Korean mother, this nameless child is unwanted and unwelcomed not just by her family, but by everyone she meets. As you read this account, you will not help but become emotionally involved in the story, turning page after page, praying for a good outcome, for someone to take notice. As a parent your heart will ache for this child, for the physical and emotional trauma she suffers and the innocence that is lost. You will shed tears of sorrow as you are reminded of the tender young age of the one suffering. You will want to

hold onto your own children tightly and vow again to shield them from all the darkness of this world. As a human being you will be enraged at the countless abuses she endures by total strangers simply because she was born of the wrong parents. Through it all, your soul will give thanks as you see the hand of Providence in the rare kindnesses shown.
