The actual meat of this book is only about 100 pages. The rest is state by state information, and

only at a very high level at that. I found the Nolo press book to be much more comprehensive and useful. If you have that one, you don't need this one.

Incredibly complete. A must for any couple wanting to create a lasting prenuptial agreement.

I found this book to be everything I had expected in assistance in writing my own pre-nup. The CD with all the files on it was a nice addition and saved me a lot of time too.

Love that it comes with a prenup you can print out, sign and notarize. Just make sure it's the right one for your situation. Worth the money.
